PERSONAL INFORMATION

Beatrice Foroni

beatrice.foroni@uniroma1.it

beatriceforoni.github.io

quantileregressionlab.github.io

ORCID 0000-0002-4683-2879

Nationality Italian

WORK EXPERIENCE

May 2025 - May 2026 — Postdoctoral Researcher

La Sapienza University - MEMOTEF Department, Faculty of Economics, Rome, Italy

Hidden Markov Quantile Graphical Model

April 2025 - May 2025 — Research Collaborator

La Sapienza University - MEMOTEF Department, Faculty of Economics, Rome, Italy

3-month research contract on the development of quantile regression models and spatio-temporal datasets for economic, financial, and environmental variables, integrating national and international data sources

April 2024 - April 2025 — Postdoctoral Researcher

University of Pisa - Department of Economics and Management, Pisa, Italy

Estimation and Prediction of Indicators for measuring and monitoring Sustainable Development Goals

April 2023 - April 2024 — Postdoctoral Researcher

La Sapienza University - MEMOTEF Department, Faculty of Economics, Rome, Italy

Generalized Dynamic Graphical Models for the impact of the COVID-19 pandemic on financial markets

TEACHING ACTIVITIES

May 2025 — Course for PhD students of the MEMOTEF Department

La Sapienza University - MEMOTEF Department, Faculty of Economics, Rome, Italy

Financial risk modeling and forecasting using quantile regression methods, 10 hours. Taught in English.

Sept. 2024 - Feb. 2025 — Tutoring activity for Advanced Statistics, SECS-S/01

University of Pisa - Department of Economics and Management; Scuola Superiore Sant'Anna, Pisa, Italy

Master of Science in Economics, 40 hours. Taught in English.

Sept. 2024 - Feb. 2025 — European Statistical System and Data Production Model, 6CFU

University of Pisa - Department of Economics and Management, Pisa, Italy

Master's Degree in Economics, 48 hours. Taught in English.

May 2024 — Course for PhD students of the MEMOTEF Department

La Sapienza University - MEMOTEF Department, Faculty of Economics, Rome, Italy

Financial risk modeling and forecasting using quantile regression methods, 8 hours. Taught in English.

Feb 2024 – May 2024

Teaching Assistant in Econometrics, SECS-S/01

LUISS Guido Carli University, Business Administration bachelor's degree, Rome, Italy

Sept 2023 – Dec 2023

Teaching activity in Statistics, disciplinar sector SECS-S/01

La Sapienza University - MEMOTEF Department, Faculty of Economics, Rome, Italy

Winner of the comparative procedure 1132/2023 for the performance of additional teaching activities for the course of Statistics to master's degree students of the Faculty of Economics.

Feb 2023 – May 2023

Teaching Assistant in Statistics, SECS-S/01

LUISS Guido Carli University, Rome, Italy

Business Administration bachelor's degree

Sept 2021 – Aug 2022

Integrating tutoring and teaching activity for disciplinar sector SECS-S/01, for a total of 40 monthly hours for 12 months

LUISS Guido Carli University, Faculty of Political Science, Rome, Italy

March 2021 – Sept 2021

Integrating tutoring and teaching activity for disciplinar sector SECS-S/01, for a total of 40 hours

La Sapienza University - MEMOTEF Department, Faculty of Economics, Rome, Italy

Winner of the comparative procedure 1223/2020 for the performance of additional teaching activities and tutoring for courses falling within the disciplinary scientific sector SECS-S/01 Statistics.

March 2020 – March 2021

Integrating tutoring and teaching activity for disciplinar sector SECS-S/06, for a total of 40 hours

La Sapienza University - MEMOTEF Department, Faculty of Economics, Rome, Italy

Winner of the comparative procedure 80/2020 for the performance of additional teaching activities and tutoring for courses falling within the disciplinary scientific sector SECS-S/06 Mathematical methods of economics and actuarial and financial sciences.

CONFERENCE PRESENTATIONS

August 2025

Learning dynamic conditional dependence via hidden Markov quantile regression

Waseda University, Tokyo, Japan

Invited — 8TH INTERNATIONAL CONFERENCE ON ECONOMETRICS AND STATISTICS (ECOSTA 2025)

June 2025

Quantile-Based Hidden Markov Graphical Models for PM_{10} Pollution Analysis: A Perspective on Air Quality in Northern Italy

University of Padua, Bressanone-Brixen, Italy

Invited — 12TH SCIENTIFIC MEETING OF THE STATISTICS FOR THE EVALUATION AND QUALITY OF SERVICES GROUP OF THE ITALIAN STATISTICAL SOCIETY - SVQS

June 2025

Evaluating Hub Structures in Hidden Markov Graphical Models

University of Genova, Genova, Italy

Invited — SIS 2025

December 2024 **Hidden Markov linear quantile graphical model**

King's College, London, UK

18th International Conference of the ERCIM WG on Computational and Methodological Statistics

Invited CMSTATISTICS2024

June 2024 **Hidden Markov graphical models with generalized hyperbolic distributions: a financial analysis on commodities and green energy indexes**

University of Bari Aldo Moro, Bari, Italy

Invited SIS 2024

December 2023 **Quantile and expectile copula-based hidden Markov regression models for the analysis of the cryptocurrency market**

HTW Berlin, University of Applied Sciences, Berlin, Germany

16th International Conference of the ERCIM WG on Computational and Methodological Statistics

Invited CMSTATISTICS2023

June 2023 **Using expectile regression with latent variables for digital assets**

UNIVPM, Ancona, Italy

Statistical Learning, Sustainability and Impact Evaluation - SIS 2023

Contributed SIS 2023

September 2022 **Time varying quantile graphical model: a financial perspective**

Federico II University, Napoli, Italy

Contributed European Conference on Data Analysis - ECDA2022

May 2022 **Analyzing the Correlation Structure of Financial Markets Using a Quantile Graphical Model**

University of Campania "Luigi Vanvitelli", Caserta, Italy

Contributed 51ST Scientific Meeting of the Italian Statistical Society - SIS 2022

May 2022 **Time-varying graphical models for financial markets: a quantile approach**

University of Perugia, Perugia, Italy

Contributed 9th International Conference on Risk Analysis - ICRA 2022

April 2022 **Graphical models for commodities: a quantile approach**

University of Salerno, Salerno, Italy

Contributed 10th International Hybrid Conference on Mathematical and Statistical Methods for Actuarial Sciences and Finance - MAF 2022

March-April 2022 **Graphical models for commodities: a quantile approach**

University of Tor Vergata, Roma, Italy

Contributed XXIII Workshop on Quantitative Finance - QFW2022

May 2021 **Sparse graphical model for joint estimation of conditional quantiles**

Contributed *University of Pavia, Pavia, Italy*

Network Models for Financial Contagion and Systemic Risk.

CONFERENCE ORGANIZATION

22 September 2023

Member of the Local Organizing Committee of the 1st Workshop on quantile regression in Rome

Sapienza University of Rome, Rome, Italy

WorkshopQRome - New perspectives of quantile regression in applied sciences.

SUMMER SCHOOLS

June - July 2021

Network Econometrics

University Ca' Foscari, Venezia, Italy

Postgraduate Course of Econometrics

July - August 2018

Strumenti e Tecniche MATLAB per il Calcolo Parallelo, l'Apprendimento Automatico e l'Analisi Massiva dei Dati

Scuola di Calcolo Scientifico con MATLAB - 2018, University of Palermo

July 2018

Programmazione e Calcolo Scientifico con MATLAB

University of Palermo, Palermo, Italy

Scuola di Calcolo Scientifico con MATLAB

GRANTS AND AWARDS

2024

PhD Contribution Honourable Mention - SIS 2024

University Aldo Moro, Bari, Italy

PhD Contribution Honourable Mention at the SIS 2024 conference for the work "Hidden Markov graphical models with generalized hyperbolic distributions: a financial analysis on commodities and green energy indexes" (joint with Petrella, L. and Merlo, L.)

2019 - 2022

PhD Scholarship

Sapienza University of Rome, Rome, Italy

RESEARCH PROJECTS

2024

Quantile Regression Lab

Co-founder of the research group Quantile Regression Lab (quantileregressionlab.github.io)

2023

Progetti di Ricerca Medi 2023

Sapienza University of Rome, Rome, Italy

Principal investigator of the research project "Quantile and Expectile Hidden Markov regression models with regime-switching copulas for digital assets", Sapienza University of Rome

2021

Progetti di Ricerca Medi 2021

Sapienza University of Rome, Rome, Italy

Member of the research group for the project: "Generalized Dynamic Graphical Models for the impact of the COVID-19 pandemic on financial markets". Principal investigator: Prof. Lea Petrella

EDUCATION AND TRAINING

Nov 2019 – June 2023

PhD in Models for Economics and Finance, Title: "New Insights on Hidden Markov Models for Time Series Data Analysis "

ISCED 6

Ottimo cum Laude

Sapienza University of Rome, Rome, Italy

– GARCH models
– Graphical Models
– Copula-based models for financial time series Quantile Regression
– Expectile Regression
– Hidden Markov Models

2017–2019 **Master degree in Finance and Insurance (D.M. 270/2004, LM-16)**

Summa cum Laude

Sapienza University of Rome, Rome, Italy

2012–2017 **Bachelor's Degree in Mathematics (L-35)**

Sapienza University of Rome, Rome, Italy

PERSONAL SKILLS

Mother tongue: Italian

Other languages

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C1	C2	B2	C1	C2
French	B2	B1	B2	B1	B1
	Diplôme d'études en langue française (DELF) B2				

Levels: A1 and A2: Basic user – B1 and B2: Independent user – C1 and C2: Proficient user
Common European Framework of Reference for Languages

Digital competences

SELF-ASSESSMENT				
Information Processing	Communication	Content creation	Safety	Problem solving
Proficient user	Proficient user	Proficient user	Proficient user	Proficient user

Digital competences - Self-assessment grid

Computer skills
– competent with most Microsoft Office and Adobe programmes
– R, C++, MAtlab, HTML
